

FROM THE DESK OF

SANTA CLAUS

December 25, 2024

Merry Christmas from the North Pole!

Mrs. Claus, the elves, and I have been busy making sure everything is ready for the big day. We've heard wonderful things about you this year and that you're a real safety expert! The elves have been keeping a close eye on the "Nice List," and they've told me you've been staying safe and doing a fantastic job being good. Keep it up, my friend!

Wishing you a magical Christmas

Santa Claus
